GREEN TEA
PIPERINE **CURCUMIN**
IMPROVED FORMULA

Are you constantly struggling with choosing the right slimming products?

Weight control is not easily achievable for the fact that lifestyle changes and persistence in exercise is demanding thus people turn to slimming supplements to aid their weight loss efforts. Successful weight control will not only reduce the occurrence of health problems but also help one to regain confidence with a shapelier body.

However, the choice of product must be wise to prevent undesirable side effects from harmful substances such as:

Stay Shapely, Safely with AVALON™ Fat Burner Plus

The ingredients in AVALON™ Fat Burner Plus form the ideal healthy slimming formula. The highly potent but safe ingredients produce powerful synergistic effect to make the product more effective than regular fat burner formula.

Green Tea Extract results in significant increase in energy expenditure and plays an important role in fat metabolism. It is able to stimulate the body's natural ability of thermogenesis, burning off excess body fats, reducing visceral fats as well as improving the ratio of good cholesterol (HDL) and bad cholesterol (LDL).

Curcumin can regulate the metabolism of fat cells, reduce fatty acids in the body and helps reduce lipid accumulation in the liver to support liver health. Other healthful benefits of Curcumin include: lowering of cholesterol level, supporting kidney and joint health, regulating and maintaining healthy blood glucose level.

Piperine synergizes with active ingredients Green Tea Extract and Curcumin to enhance the fat burning properties of the product.

Probiotic Complex comprises of strains of beneficial bacteria for creating intestinal bacterial balance. This creates optimum environment for increasing the metabolic use of glucose, thereby reducing glucose absorption, preventing it from turning into fats.

Water Soluble Dietary Fibre aids healthy digestive function and helps to increase satiety to prevent over eating for better weight control.

The Natural Choice for Healthy & Safe Slimming

- **Burns excess body fat without losing muscle mass**
AVALON™ Fat Burner Plus only burns fats and does not cause loss of body fluid thus after weight loss is achieved, skin complexion remain toned and no weight bounce will be experienced.
- **Does not cause diarrhea, loss of appetite and heart palpitation**
AVALON™ Fat Burner Plus does not contain diuretic, laxative, appetite suppressant, ephedrine and caffeine, thus making it a safe product to consume.
- **Maintaining healthy cholesterol level**
High cholesterol is one of the many consequences of obesity and major risk factors leading to heart diseases. AVALON™ Fat Burner Plus helps to improve the ratio of good cholesterol (HDL) and bad cholesterol (LDL), thus keeping cholesterol level in healthy range.
- **Regulating blood sugar level**
Increase of blood sugar level can lead to health complications such as diabetes and obesity. AVALON™ Fat Burner Plus helps to reduce glucose absorption and maintain a healthy blood glucose level.
- **Supports liver, kidney and joint health**
Being overweight increases the risk of developing non-alcoholic fatty liver disease, kidney and joint problems. The healthful ingredients of AVALON™ Fat Burner Plus help maintain healthy liver, kidney and joint health while effectively target at lowering body fats.

SLIM down safely!

How soon will I be able to see result?

It varies for each individual. Some may observe changes (in inch loss) within 1-2 weeks if weight gain is due to lack of exercise, particularly those who does not overeat. Others may take up to 3-8 weeks, especially those with poor dietary habits or unhealthy lifestyle, and the obese. It is recommended to take AVALON™ Fat Burner Plus consecutively for at least 8 weeks. For optimal results, it is suggested to combine low fat diet and regular exercise when taking AVALON™ Fat Burner Plus.

Is there any side effect for long term consumption?

No adverse side effect has been discovered. AVALON™ Fat Burner Plus is made from all natural ingredients and does not contain laxative, diuretic, appetite suppressant, caffeine and ephedrine. It is therefore suitable for long term consumption.

Direction of Use:

Take one capsule, two to three times daily, 0-15 minutes before meals. Drink a full glass of water for best fat burning results.
